Phil,

Have you already sent the human health executive summary risk discussion to me? I just found the eco write-ups but not the human health; so if not I need that too.

Thanks,

Phil,

Thanks for the San Jacinto NRRB executive summary risk sections, but we still need the main body risk write-ups, and the supporting tables/figures. Are you close to getting that? We should have the package finished by the end of next week, so please let me know if you see any conflicts in getting it done – maybe we can get some extra help if necessary.

Thanks,
